

Hope Lutheran Church, Toronto, ON

Hope Lutheran Church is a vibrant, growing church located on the eastern side of Toronto (Scarborough Village).

Products Used

- HX-5W: Compact Line Array Speaker System
- FB-120W: Subwoofer System
- HY-PF1W: Rigging Frame
- DA-250F: Multichannel Power Amplifier
- F-122C: Wide-Dispersion Ceiling Speaker

Purpose

The church was looking for a newer audio system with more options and the capability to fill the entire building with great sounding audio.

Challenge

Due to the high ceilings, the church had reverberation issues that needed to be minimized while still producing strong and intelligible sound.

Solution

TOA designed an audio system to effectively suit the church's needs. The HX-5 in combination with the F-120 subwoofers overcame the reverberation issue, while the DA amplifier allowed them to easily make adjustments to adapt to the conditions.

Feedback

The client was very satisfied with the look and the high-quality audio produced by the installed TOA equipment.
