

NB Southern Railway, St. John, NB

In 2012, NB Southern Railway partnered with a local tour operator to provide cruise ship passengers calling the port of Saint John with the rare opportunity to take a tour on a passenger train, which highlights the reversing falls and the Bay of Fundy. These tours run between the months of June and October.

Products Used

- BA-235: Power Amplifier
- WS-5225: Wireless Kit
- F-1300BT: Wide-dispersion Speaker System

Purpose

An affordable and reliable PA system needed to be installed on a passenger train for sightseeing.

Challenge

The PA system had to fit their budget and be easy to use.

Solution

There was no need for a powerful system, so the TOA tech team put together a system using the 5000 series microphone in combination with the F13000 speaker to produce good quality sound.

Feedback

The customer is very happy with the great sounding PA system that fits their budget.
