

Bleuets School Board, Roberval, QC (Commission Scolaire du Payd-des-Bleuets)

Located in the region of Saguenay–Lac-St-Jean with various schools within the board.

## Products Used

- N-8400RS: Sub-station Interface Unit
- N-8000AL: Telephone Interface Units
- N-8000AF: Audio Interface Unit
- RS-450: indoor substation
- BG-2120: Mixer Amplifier
- DA-250FH: Multichannel Power Amplifier
- A-9000: Series Modular Digital Matrix Mixer/Amplifiers
- PC-580RU: Series Ceiling Mount

## Purpose

The Bleuets School Board required effective communication systems installed within their schools.

## Challenge

Ensuring the right equipment is used to allow for communication throughout the school and classrooms.

## Solution

Using Telephone Interface Units (N-8000AL) the office and classrooms are able to communicate through the touch of a button. The classrooms have TOA's PC Series Ceiling Speakers to communicate to the office and to hear, class bells, and pages. SC Series Paging Horns are used to communicate in other areas of the school, including outside the building. The paging speakers are driven by TOA's A-9000 Series Modular Digital Matrix Mixer/Amplifiers to help control paging, as well as TOA's reliable BG and DA Series Amplifiers.

## Feedback

The schools within Bleuets School Board are able to effectively communicate throughout the entire school, ensuring that all staff and students receive the appropriate message, class change and more.

## About TOA Canada Corporation

TOA Corporation was founded in Kobe, Japan over 80 years ago. TOA operates in over 100 countries worldwide, with manufacturing facilities found in nearly every major market area. These facilities have a reputation for precision design and fabrication, resulting in a proven track record of TOA product reliability.

TOA Canada Corporation was formed in 1990 as a complete sound solutions provider, specializing in commercial audio, including, public address, voice communications, voice evacuation and emergency paging requirements. TOA Canada offers complete solutions for all corporate and commercial audio communications and intercom security requirements.
