

Deer Lake Regional Airport, Deer Lake, Newfoundland

Deer Lake Regional Airport is located 35.6 km; northeast of Deer Lake.

Products Used

- N-8000: IP system
- F-Series: Ceiling Speakers
- P-900 Series: Power Amplifier
- DP-L2: Digital Ambient Noise Controller
- EV-20R: Sound Repeater

Purpose

The airport needed to update their Paging and Intercom systems. They previously had used TOA products.

Challenge

There was no real challenge as the framework was already in place.

Solution

Using the reliable N-8000 IP intercom system along with the correct amp and speakers, ensured that the communications requirements were met and that the sound quality was intelligible throughout the facility.

Feedback

The end result was a new, reliable and high performing system that the airport authority was ecstatic with.

About TOA Canada Corporation

TOA Corporation was founded in Kobe, Japan over 80 years ago. TOA operates in over 100 countries worldwide, with manufacturing facilities found in nearly every major market area. These facilities have a reputation for precision design and fabrication, resulting in a proven track record of TOA product reliability.

TOA Canada Corporation was formed in 1990 as a complete sound solutions provider, specializing in commercial audio, including, public address, voice communications, voice evacuation and emergency paging requirements.
