

Jean Coutu Group, Varennes, QC

The Jean Coutu Group (PJC) Inc. is the leading Drugstore Chain in Québec, New Brunswick and Ontario. They provide high quality products for health, beauty and hygiene in efficient and friendly environments.

Products Used

- F-2352SC
- SC-630T
- DA-500
- M-9000MK2

Purpose

Distribution centers are incredibly noisy and reverberant environments. Jean Coutu's warehouse is no exception. The corporation needed to meet SPL (sound pressure levels) and control reverberation so that paging communications could be heard intelligibly.

Challenge

TOA had to devise a system meeting the SPL (sound pressure level) required.

Solution

Siscom worked with TOA Canada Corporation to meet the requirements of Jean Coutu Group which included a combination of Paging Horn Speakers and Ceiling Speakers. TOA's SC-630T is a compact, highly intelligible speaker known for providing clear and intelligible public address announcements. The Paging Horn speakers are certified to IP65 standards for dust and water protection. The F-2352SC 2-way wide dispersion ceiling speakers are ideal for office areas or smaller areas where well-balanced sound can be heard uniformly at any location. The head end of the project includes TOA's 9000 Series Modular Digital Matrix Mixer/Amplifier. This amplifier provides zone paging and DSP. The speakers are driven by TOA's DA Series Power Amplifiers.

Feedback

TOA received an excellent review for the performance of the PA system and the service TOA provided.

About TOA Canada Corporation

TOA Corporation was founded in Kobe, Japan over 80 years ago. TOA operates in over 100 countries worldwide, with manufacturing facilities found in nearly every major market area. These facilities have a reputation for precision design and fabrication, resulting in a proven track record of TOA product reliability.

TOA Canada Corporation was formed in 1990 as a complete sound solutions provider, specializing in commercial audio, including, public address, voice communications, voice evacuation and emergency paging requirements. TOA Canada offers complete solutions for all corporate and commercial audio communications and intercom security requirements.
