

Oshawa YMCA, Oshawa, ON

The Oshawa YMCA is a family-friendly centre offering child care, camp, health and fitness services, and community programming.

Products Used

- F-2322C Wide-Dispersion Ceiling Speaker
- AV-20D Micro Amplifier
- BG-2240D-AM Mixer Amplifier

Purpose

The YMCA was looking to upgrade their paging system and looked to TOA to assist.

Challenge

As it currently stood, various rooms were unable to hear emergency paging and some rooms were very isolated. TOA needed to guarantee that all areas of the building were able to hear emergency paging announcements.

Solution

Knowing the situation, TOA recommended the F-2322C Wide-Dispersion Ceiling Speaker which deliver sound to a wider area. The speakers were powered by a BG 2480. The BG-2480 also allowed for easy adjustments by the staff when needed.

Feedback

The YMCA was very pleased with the new paging system and tested it many times to make sure that announcements were now heard in every corner of the building, and they were.

About TOA Canada Corporation

TOA Corporation was founded in Kobe, Japan over 80 years ago. TOA operates in over 100 countries worldwide, with manufacturing facilities found in nearly every major market area.
