

Point Edwards Memorial Arena, Point Edwards, ON

The Point Edward Arena is active yearlong with ice in from the end of September to mid-April of each year and in-line hockey taking place on the specialized flooring for the summer months.

Products Used

- HX-5: Variable Angle Speakers
- FB-120: Subwoofer
- DA-550: Multi-channel Digital Power Amplifiers
- A-9120DHM2: Amplifier

Purpose

To install a reliable and intelligible sound system that would provide clear, distinguishable sound for visitors to understand public announcements.

Challenge

There was no challenge.

Solution

Our Regional Sales Manager recommended HX-5 and FB-120 arranged in clusters at center ice and around the bleacher area. The audio was driven by the powerful DA-550 multichannel amplifier and enhanced with our excellent A-9120DHM2 digital mixer.

Feedback

The great results clearly displayed made our client extremely happy.

About TOA Canada Corporation
