

Stratford Shakespeare Festival, Stratford, ON

The Stratford Festival is an internationally recognized annual repertory theatre festival, which operates from April to October in the city of Stratford, Ontario.

Products Used

- VM-2240: Multifunctional Amplifier
- HX-5: Compact Line Array Speakers
- HB-1: Subwoofer
- H3: Interior Design Speakers
- PC-671RV: Ceiling speakers
- F-240: Weather-resistant Speakers

Purpose

To replace the old equipment and enlist TOA's help to design a modern and reliable public address and mass notification system.

Challenge

Being able to create an integrated system both for the inside locations and outdoor facilities, while utilizing the previous locations of the older equipment.

Solution

Working with the installer, our technical team, using their EASE Vac software, developed an arrangement that connected the equipment well and provided the sound quality desired. The new Mass notification and paging system provided The Stratford theatre with the reliable and functionalities they were looking for.

Feedback

The system worked well and the theatre owners were very satisfied.

About TOA Canada Corporation

TOA Corporation was founded in Kobe, Japan over 80 years ago. TOA operates in over 100 countries worldwide, with manufacturing facilities found in nearly every major market area.
