

Baycrest Health Sciences, Toronto, ON

Baycrest Health Sciences is a global leader in geriatric residential living, healthcare, research, innovation and education. Baycrest is an academic health sciences center affiliated with the University of Toronto.

Products Used

- A-9060SM2 9000M2 Series Amplifier
- ZM-9013 Remote Control Panel
- D-001T Dual Mic/Line Input Module with DSP
- T-001T Dual Line Output Expansion Module with DSP
- S4.16 Trantec Series UHF Wireless Microphone System Kits

Purpose

Baycrest was looking for a performance system that was flexible and easy to operate.

Challenge

They wanted to route audio to different areas within the building and have a general PA mic to do an all call page.

Solution

To facilitate this requirement, TOA's A-9060SM2 Modular Digital Matrix Mixer/Amplifier, including input and output modules (D-001T and T-001T) and remote control panels (ZM-9013), was selected.

Feedback

Baycrest Health Sciences is extremely happy with the system. It provides all the features that they were looking for, while keeping the project within their tight budget.
